### FCAP Partners in Two Successful Applications through JPMorgan Chase Pro Neighborhoods Program

JP Morgan Chase announced the winners of their 2019 Pro Neighborhoods Program this fall. Over 75 applicants from 49 cities were submitted, and only seven applications were selected as the winners. FCAP is the only organization that has ever been a part of two successful collaborations in the same year. Partnering with Cleveland Development Advisors, our team will focus on providing technical assistance for real estate development in the Cleveland neighborhoods of Glenville, Clark-Fulton, and Buckeye-Kinsman. Working with Ohio Capital Corporation for Housing, Affordable Housing Trust of Central Ohio, and Economic Community Development Institute, FCAP will provide support for healthy food access in the Linden neighborhood of Columbus. We look forward to providing tools and resources to neighborhood-driven leadership in each of these communities.

## Invest

### FCAP Receives 3rd Largest CDFI Fund Program Award

Fund (CDFI Fund) recently announced their 2019 program awards of financial and technical assistance to CDFIs around the country.

FCAP is thrilled to share that we received \$2.916M in financial assistance, to be used across a variety of our programs including healthy foods and disability lending. Of the 284 CDFIs awarded nationally, FCAP received the 3rd largest amount in funding. This award will support and enhance FCAP's ability to meet the needs of the communities we serve.

## Finance Fund Welcomes Jim Henson as Underwriter

Finance Fund is pleased to welcome Jim Henson to our Lending team as Underwriter. Jim will be responsible for sourcing and reviewing all loan and grant applications to Finance Fund. He brings over a decade of experience in underwriting and real estate transactions to the role, including work with national organizations focused on residential real estate. Jim earned his Bachelor's in Economics from Wittenberg University and his MBA from Capital University.

## Finance Fund Welcomes Eric Meyer as Affordable Housing Manager

Finance Fund is also happy to share that we have hired Eric Meyer to our Real Estate Development team as our Affordable Housing Manager. Eric will manage pre-development, closing, and construction processes and relationships regarding our real estate development projects. Eric has spent nearly a decade working in development research, analysis, and project management and has focused specifically on the success of affordable housing developments in the Midwest. He earned his Bachelor's degree as well as his Master's of Science in Agriculture, Environment, and Development and his MPA from Ohio State University.
